Subject: Notification per PRN 98-10 – Minor Label Revisions
Product Name: INTERSEPT
EPA Registration Number: 43670-1
Application Date: July 9, 2015
Decision Number: 507289

Dear Ms. Layton:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Antimicrobials Division (AD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you have any questions, you may contact Tuere Williams at 703-347-0316 or via email at williams.tuere@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Julie Chao".

Julie Chao, Product Manager 33

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER. CORROSIVE, causes eye and skin damage. May be absorbed through the skin. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. May cause skin sensitization. Harmful if swallowed. Avoid contamination of food.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Storage: Store at ambient temperature.

Pesticide Disposal: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

Container Handling: Nonrefillable Container. Do not reuse or refill this container. Clean container promptly after emptying. Triple rinse (or equivalent) promptly after emptying. [5 Gallon Plastic:] Triple Rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container 1/4 full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. [55, 275, 330, 350 Gallon Plastic/Metal Containers:] Triple Rinse as follows: Empty remaining contents into application equipment or a mix tank. Fill the container 1/4 full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times.

Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities. [450 Gallon Metal Tank:] Refillable Container. Return this empty container to the manufacturer. Refill this container with Intersept® only. Do not reuse this container for any other purpose.

STORAGE AND DISPOSAL

Storage: Store at ambient temperature.

Prohibitions: Do not contaminate water, food or feed by storage or disposal.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Triple-rinse (or equivalent). Then offer for recycling or reconditioning, or for a return or disposal, or in a sanitary landfill or by other procedures approved by state and local authorities.

General: Consult Federal, state and local disposal authorities for alternative procedures.

This product is intended for use only in connection with manufacturing processes and is not intended to come into the hands of the general public except after incorporation into finished products. The proper use of the product in the manufacturing process and the types of products into which it may be incorporated are described in general in Technical Data Sheets available from INTERFACE RESEARCH CORPORATION.

INTERSEPT®

A Fungistat and Bacteriostat
for Incorporation into Various Products

ACTIVE INGREDIENTS:

Ethanol, 2,2'-(cocoimino)-bis, salt with Phosphoric acid, bis (2-ethylhexyl) ester (1:1).....	66.4%
Ethanol, 2,2'-(cocoimino)-bis, salt with Phosphoric acid, mono (2-ethylhexyl) ester (1:1).....	15.9%
Phosphoric acid, mono (2-ethylhexyl) ester.....	17.7%
TOTAL	100.0%

**KEEP OUT OF REACH OF CHILDREN
DANGER**

FIRST AID

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

If in eyes	Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
If on skin or clothing	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
If swallowed	Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or a doctor. Do not give anything by mouth to an unconscious person.
If inhaled	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage, measures against circulatory shock, respiratory depression and convulsion may be needed.

NOTIFICATION

43670-1

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

10/21/2015

BENEFITS

Durable, broad-spectrum bacteriostat and fungistat for incorporation into various products. Incorporation of INTERSEPT® will protect against deterioration from bacteria and fungi and thus encourages hygienic freshness. Once formulated, there is no loss of efficacy due to washing or wear. Protected products will resist odor and inhibit the growth of bacteria and fungi.

Intersept® is a fungistat and bacteriostat for (1)carpets; (3)epoxy flooring, coating, tile and grout products; (4) Vinyl products, including wall coverings, car tops, awnings, tarpaulins tents, sails, drapes, shower curtains, cubicle curtains, film to be used for purposes other than food storage, and floor products; (5)plastic furniture, excluding furniture used for food service and food storage; (6)acrylic, urethane, wax and varnish floor sealers, finishes and maintainers; (7)polyvinyl acetate indoor and outdoor paints; (8)polymeric laminates, excluding laminates used for food preparation surfaces; (9)polymer concrete; (10)synthetic and non-woven textile products, including wall coverings, car tops, awnings, Tarpaulins, tents, sails, drapes, shower curtains, and cubicle curtains; (11)polymeric packaging film to be used for purposes other than food storage; (12)water-oil and solvent based paints, stains and other coating systems for use on interior and exterior surfaces substrates machinery and equipment, including heating, venting, and air-conditioning systems; (13)molded polymeric and polymer concrete bathtubs, showers, bathroom sinks, bathroom countertops, and bathroom accessories; (14)various molded polymer and polymer concrete products for general household, industrial, commercial and health care use; (15)natural and synthetic polymeric sealants, adhesives, and caulking compounds; (16)incorporation into textile upholstery, mattresses, mattress ticking and mattress covers; (17)incorporation into vinyl upholstery, mattresses, mattress ticking, and mattress covers; (18)topical treatment of textile products, including wall coverings, car tops, awnings, tarpaulins, tents, sails, drapes, shower curtains, apparel {outerwear and undergarments}, cubicle curtains, and industrial fabrics; and (19)topical treatment or impregnation of air filters to be used in furnaces, air conditioners, air purification devices, automobiles, and recirculating air handling systems. Refer to specific Technical Data Sheets as indicated in () above for complete directions for use.
